“ Gram was a tough, loving, amazing woman! I am going to miss her so much... Her laugh, her smile, her advice - all of her. She will be missed by so many. Her heart, her love, her wisdom...Hopefully all of us in the family will keep her spirit present in our daily lives. Love you always.

“ "Mom" sitting here thinking of you and all you have done for us and the first thought that comes to mind is do you have enough food for everyone? as this was always her first thought to worry about everyone.else. on every Haoliday or get together. That would be her first thought. I use to play tricks on her and make her think we only had a little bit of food when we always had plenty, as that is how she always taught us to make sure there was enough for everyone. I will miss having her calls to make sure I have made everything that she would have for the Holiday meals once I took over making them for her. Mom I love and miss you already. Until we meet again and all gather around that family table in Heaven you will always be in my Heart

Love your baby boy.

“ Gram was the best! If you knew her you know what I'm talking about. She will be missed by many and will always have a special place in our hearts. She had such a big family with many grands and greats that she loved so very much. Her family was her world! Today she will be taking a piece of each of our hearts with her as we say goodbye. May you rest peacefully with the Lord. While you are watching over us don't forget to let us know you are there. We will all be looking for you. Love you gram

“ My momma was the best Mother in the world. She taught us how to love how to be kind and respect our elders. She was a warm and loving person and she disciplined us when we needed it. I never met anyone who didn't like her. Momma I miss you desperately and I know we will all meet again in heaven but until then I will cherish every memory of you and forever I Love you Momma
